# Cedric Amaya (480) 620-4702 | amaya.cedric@gmail.com | https://github.com/cedricium

#### **Education**

AS-T in Computer Science, expected Spring 2018 - Foothill College, Los Altos Hills, CA September 2016 - Present

#### **Experience and Projects**

- 42 Code School (C) "Piscine" Phase, August 2016 Fremont, CA
  - Followed a peer-to-peer pedagogical curriculum to learn the basics of computer programming using C
  - Collaborated with fellow students to research and establish solutions to programming problems in a limited amount of time
  - Learned the basics of shell scripting to automate certain processes while using the Terminal
- Personal Portfolio (HTML/CSS) http://cedricamaya.me/
  - Designed and developed a static webpage using HTML and CSS to host a collection of my web development projects
  - Hard-coded both the HTML and CSS files to ensure responsive web design across all platforms and devices
- <u>TicTacToe (C++) https://github.com/cedricium/TicTacToe</u>
  - Applied the knowledge gained from an "Introduction to C++" course to create a Terminal-based TicTacToe game
  - Used version control software (GitHub) to track changes and make updates to the source code for this project
  - Planned development goals include sourcing the game to a deployable web application and implementing the minimax algorithm for a CPU vs. Player game mode

## **Languages and Technologies:**

- HTML, CSS, JavaScript; C/C++; Java;
- CLI; Xcode, Microsoft Visual Studio, Eclipse; Git/GitHub; UNIX; Windows;

### **Work History**

Customer Service Specialist - Best Buy, Mountain View, CA

July 2016 - Present

- Engage customers using soft skills while solving issues, providing end-to-end service and solutions with fast and accurate processing of transactions
- Maintain professional communication between customers, peers, and management while using cross-functional company resources and tools

Retail Sales Associate - Bed Bath & Beyond, Mountain View, CA

June 2015 - July 2016

- Approached customers to identify their purchasing needs and directed them to the appropriate department; recommended additional products or cost-effective alternatives to enhance service and satisfaction
- Facilitated inventory and stock management; conducted routine cycle counts and inventory audits to assist senior department managers and store replenish inventories
